NEW VARIETIES

DARWIN TULIPS AT THE EXPOSITION

Admittedly the Tulip beds at the Panama-Pacific International Exposition this Spring were a success, and worthy of the great attention and admiring comment which they drew. Even Hollanders, who were used to fine Tulips, declared that never had they seen them surpassed. Our Tulip Bulbs this year are of the finest size and quality, and the exact counterpart of those planted last year. Follow planting directions on page 2; use Morse's Superior Bulbs; choose Darwin and other long-stemmed sorts, and success and fine beds of bright-colored flowers will be yours.

Very likely you will want to know just what varieties were planted in beds at the Exposition, and those kinds are indicated by an asterisk (*) before the name.

DARWIN TULIPS have long stems, often 24 inches or more, and grand flowers in all shades of pink, carmine, red, mauve, violet and maroon. For yellows see "Morse's Special Tulips," and for mahogany and bronze shades select from our Breeder Tulips.

(Weight, $\frac{3}{4}$ lb. per doz.; $4\frac{1}{2}$ lbs. per 100. Single bulbs mailed free at $\frac{1}{10}$ of the dozen price, plus 1 cent each.)

Six of a kind at the dozen rate; 50 at the hundred rate.

SPECIAL NOTICE

We have to announce to our customers and friends that at the Panama Pacific International Exposition we have been awarded to date 4 GRAND PRIZES, 4 GOLD MEDALS OF HONOR, and 4 GOLD MEDALS for our Seeds and Bulbs. There are still several awards pending, which we shall announce in our Spring Catalogue.

C. C. MORSE & CO.'S New Breeder Tulips

Your garden demands the BEST—and we supply it.

If there was one Tulip Bed more admired than any other it surely was the bed of Bronze Queen. What a color! A rare warm brown or light chestnut, and the flowers and stems were tall and fine in every way, and how different in the sun!

Breeder Tulips are a new class of rusty, brownish tints and deep purples, fine stems and first rate flowers.

*An asterisk denotes those varieties shown in beds at the P. F. I. E. this past Spring.

(If Tulips are wanted by mail, allow for postage at zone rates to your city on these weights: $\frac{3}{4}$ lb. per doz., $4\frac{1}{2}$ lbs. per 100. Single bulbs mailed free.)

PARCELS POST. A new and adequate Parcels Post law now applies to shipments of Seeds, Bulbs, Tools, Plants and Garden Supplies (except poisons and liquids) to all of the United States; also to Alaska, Canal Zone, Guam, Hawaii, Porto Rico, and the Philippines. Packages are subject to a limit of **Maximum Weight** in the 1st and 2nd zones of 50 lbs.; and in all other zones, 3rd to 8th, of 20 lbs. The **Maximum Size** of a package is 84 inches for combined length and largest girth. **Insurance** will be effected only when asked for and remitted for as follows: Parcels to the value of \$25 or under for 5c; to the value of \$25 to \$50 for 10c.

DOMESTIC PARCEL POST RATES On Seeds, Plants, Bulbs, Roots, Books, Tools, etc. within the U. S. and Possessions.				First pound or fraction	Each additional pound or fraction
First Zone—San Francisco and within 50 miles of San Francisco				5c.	1c.
Second " within 50 to 150 "				5c.	1c.
Third " 150 " 300 "				6c.	2c.
Fourth " 300 " 600 "				7c.	4c.
Fifth " 600 " 1000 "				8c.	6c.
Sixth " 1000 " 1400 "				9c.	8c.
Seventh " 1400 " 1800 "				11c.	10c.
Eighth " all over 1800 "				12c.	12c.

FOR PARCELS WEIGHING 8 OUNCES OR LESS containing seeds bulbs plants or books only the rate of postage to all zones is 1c for two ounces or fraction. (Over 8 oz. the above zone rates apply.)

FOR PARCELS CONTAINING FOURTH CLASS MATTER—other than the above—up to four ounces is permitted to all zones at 1c per oz. (Over 4 the above zone rates apply.)

OUR PRICES plainly state whether postage is included, and if not what the weight of the bulbs is estimated to be. On our order sheet for bulbs is a column especially for weights, and these should be set down and added, and figured at zone rates as above table at the end of the sheet for the total shipment. This will make the figuring very simple. Should there be a slight difference between estimated weight and actual weight we will put in extra bulbs or seed.

GENERAL CULTURAL DIRECTIONS FOR BULBS

Outdoor planting should be done early in the fall to secure healthy plants, vigorous foliage and beautiful flowers. Set the bulbs so that there is earth above them to their own depth. This is a good rule. Do not overcrowd; 3 to 4 inches apart for small bulbs such as Crocus, Snowdrops, Ranunculus, etc.; 6-7 inches for Anemones, Jonquils, Tulips, Iris Freesias; 7-9 inches for Hyacinths and Narcissus; 18 to 27 inches for Lilies.

Non-Warranty

Most of the failures with seeds, plants and bulbs are due to causes entirely beyond our control, such as unfavorable weather, too deep and too shallow planting, slugs, etc., therefore C. C. Morse & Co. give no warranty, express or implied, as to description, purity, productiveness, or any other matter of any seeds, plants, bulbs, etc., they send out, and will be in no way responsible for the crop; if the purchaser does not accept the goods on these terms they are to be returned to us at once.

We wish to remind you of the few usual requests which help us so much in our business:

Please Order Early

The best time is just as soon as this catalogue reaches you. The bulbs may not have arrived by then, but your order will be given immediate attention, and be filled just as soon as the stock arrives. At the first of the season there are no sorts sold out, and, besides, the bulbs flower much better when planted early.

Name and Address

Please be sure to write plainly your full name and address, when sending us your order and remittance. Send also the name of the nearest express office, if bulbs are to come that way, when it differs from the postoffice. We send bulbs by express unless postage for the different sorts as shown in the catalogue accompanies the order.

Morse's Bulbs are fine and do give satisfaction.

Morse's Special Tulips for California

This is the class of Tulips, with deep flowers, tall stems, and they are fit companions to the Darwin and Breeder Tulips. The best and only yellows are here, also fine reds, oranges and pinks. These Tulips are not only magnificent for bedding effects, but are splendid as cut flowers for the home decoration. If possible plant where there is shade part of the day and you will get better blooms.

The secret of Tulip culture is to have rich soil well drained; use rotted manure and bone meal, preparing the beds a month before planting. Set the bulb in sand if the ground is heavy and wet. Plant the bulbs as early as possible and about 3 inches deep and 8 inches apart. Water sparingly during the winter, but give plenty as the buds develop, and for several weeks after flowering.

Tulips are so bright and gaudy that they are prized by all. Gesneriana Major is a dazzling crimson, the brightest red Tulip; Parisian Yellow is fine bright yellow.

Single

(If Tulips are wanted by mail, figure weight at $\frac{3}{4}$ lbs. per doz.; $4\frac{1}{2}$ lbs. per 100.)
6 at the doz. rate, 50 at the 100 rate, 250 at the 1000 rate.

	Pr.	Dz.	Pr.	100			Pr.	Dz.	Pr.	100
Gesneriana Major: the most brilliant and dazzling crimson with black center. Has fine large blossoms with long stems. Always does well when planted outside, and is tremendously handsome. Morse's stock of this is best.					*Fawn, The: a perfect gem of a Tulip, and of a most unusual and delicate rosy fawn shade. A new and distinct sort					
.....1000 for \$18.00										
					Fulgens: brilliant crimson, creamy white center, reflex petals, long stems.....					
Bouton d'Or: pure golden yellow globe-shaped small flowers.....					Gesneriana Spathulata: or crimson, see Gesneriana Major above.....					
.....					Gesneriana Aurantiaca: orange-red tulip of the fine Gesneriana form.....					
*Caledonia: orange scarlet, greenish black center, fine bold flower.....					*Gesneriana Lutea: a beautiful golden yellow Gesneriana Tulip—large flowers with long stems.....					
.....					Gesneriana Rosea: rosy carmine with black center, long stems.....					
*Fairy Queen: very striking; should be in every collection because of its rare and pleasing shade; rosy heliotrope..					Inglescombe Pink: the best even-colored pink

Titian: scarlet edged yellow.....	.35	2.50
Morse's Named Double Tulips Mixed30	2.00
Splendid Double Mixture: from the Holland fields25	1.50

Hyacinths

To grow a good Hyacinth is just as easy as to grow a poor one. Good Hyacinths come from good bulbs like ours, and here is a list of excellent varieties: Grand Maitre, Queen of the Blues; King of the Blues; Albertine; Gertrude; Gigantea; Roi des Belges; City of Haarlem; Herman. Hyacinths are especially hardy and easy to raise: more are needed in every garden. Plant in a situation out of the full glare of the sun. The blooms last longer. Single Hyacinths are better than double; the spikes are equally full on both single and double. Hyacinths can be flowered successfully in glass in the house; very fragrant.

Culture. Spade and manure the ground a month before planting the bulbs, using a little bone-meal well dug in. Set the bulbs 2½ inches under ground at the top in damp places and 4 inches under in dry spots and 7 to 8 inches apart. To have all of the bulbs flower at one time see that the bulbs are set at an even depth.

For potting use a mixture of river sand, rotted manure and fibrous loam in equal parts. Use a 5 or 6-inch pot or 3 bulbs to a 7-inch pot and let a third of the bulb be above ground. Bury the pot for six weeks to let the bulbs root and then bring into the house to force them into flower.

Our named varieties of Hyacinths are all of first size, and are large healthy bulbs, and will produce the very finest flowers.

(If ordered by mail, allow for weight, 3 lbs. per dozen; postage additional.)

Named Varieties of Hyacinths

Extra large bulbs for flowering in glasses, and for growing outside.

Collection of 12 separate varieties, not named, \$1.25 per doz. Mixture of all varieties, \$1.25 per doz.; \$10.00 per 100.

SEPARATE COLORS AND SORTS

(Postage additional; weight, 2½ lbs. per doz.; 14 lbs. per 100.)

These make the ideal bedding Hyacinths, for it is a pleasure to have all of the pinks of one shade, and all of the blues to match exactly. Although these are not so large as our first size, still by many they are listed as firsts, and they certainly are excellent either for growing in pots or for bedding.

Yellow (City of Haarlem)	.85	6.50

DAFFODILS

Daffodils come with their flowers of bright yellow at the season when skies are darkened and flowers are few. They are doubly welcome. The flowers are gracefully poised on their stems and make excellent cut flowers. You can plant out under the trees in clusters, or in the permanent border. Wherever they are planted they will remain to blossom each year, for they are perfectly hardy. It is better to remove bulbs in the garden every second or third year, except Poeticus, which do not like to be moved.

Daffodil is the name applied to that branch of the Narcissus family having one flower only to a stem: these are the large Trumpet Daffodils; Short Trumpet or Crown Daffodils and Double Daffodils. These may also properly be termed Narcissus, which also includes Polyanthus or cluster-flowered Narcissus, and Poeticus or Poet's Narcissus. Jonquils are like small-sized crown Daffodils, although the term properly belongs only to the Single Sweet Scented Jonquil.

Wonderful strides have been made in breeding New Daffodils, and we offer you some of the very best in **Olympia**, **King Alfred**, and **Giant of The Giants**. For wonderful flowers try these.

Plant Daffodils in October and November out in the open ground in good soil and let them remain undisturbed. After flowering let the leaves die back, but do not cut them off or the bulb will not flower next year. Set 5 inches deep and 8 inches to 12 inches apart. The bulbous roots will multiply and send up fine long flower stems every spring. Be sure to keep the ground moist during the growing season if season is dry.

They can also be grown easily in pots, putting 4 or 5 bulbs into a 5-inch pot and keep well watered.

LARGE TRUMPET DAFFODILS

(Postage is additional. Allow 1½ lbs. per doz.; 12 lbs. per 100, except for Emperor.)

GRAND NEW SORTS

King Alfred: Truly a king among flowers. Stems are tall and the flowers very large with perianth 4½ inches across. The trumpet is long, and deep yellow and elegantly frilled. It flares out considerably at the edge and is 2 inches across. King Alfred caused great wonder at the P. P. I. E. this Spring.

We had several clusters growing in our beds. This Daffodil can be forced and gives magnificent flowers. A winner of many prizes. Finest bulbs. 75c each; \$7.50 per doz.

Olympia: Of wonderful size and beauty. Olympia is entirely different from King Alfred; it is a much lighter color and of quite different form. The trumpet is shorter, lighter in color and the perianth not so large and of a deep cream yellow color. A very pleasing flower. 30c each; \$3.00 per doz.

Giant of Giants Morse's: Truly enormous and the very latest and finest of daffodils. This will attract attention everywhere. We are glad to have the honor to introduce this grand sort to our customers, for we know the high quality expected from us. There will be no disappointment in this truly marvelous Daffodil. 75c each; \$7.50 per doz. (See Illustration, page 7.)

Cornelia: Fine yellow trumpet sort much larger than Emperor. 30c each; \$3.00 per doz.

DAFFODILS

-Continued

WELL-KNOWN SORTS.

Bi-color Grandee: flowers very large with broad pure white petals which overlap each other. The trumpet is bright yellow. Rather dwarf and late flowering; flowers of great substance and fine for cutting. **.4c each**
..... **35c. per doz.; \$2.50 per 100**

Emperor: one of the grandest Daffodils in cultivation; late. The perianth is broad and overlapping and the trumpet is very large and finely formed. Both perianth and trumpet a bright yellow. The stems are long and fine for cutting. Emperor is the most popular of all the Daffodils, a fine color, a strong grower, tall and hardy. Our stock is of extra large size, all imported from Holland. We offer you the best and only the best. (Bulbs are extra heavy and postage must be allowed for 3 lbs. per doz.; 22 lbs. per 100) **7c each**
..... **60c. per doz.; \$4.00 per 100**

Empress (White Wings): the perianth is pure white and the trumpet bright yellow; fine for cutting. A magnificent large flower, bold and erect **6c. each**
..... **50c per doz.; \$3.50 per 100**

Golden Spur: a fine fragrant variety with long stems, excellent for cutting. The perianth is yellow and the trumpet is bright golden yellow; largely grown for the early market **5c. each**
..... **40c. per doz.; \$3.00 per 100**

Henry Irving: the perianth has narrow petals of a bright yellow color, the trumpet is of a deep golden yellow and very large. Henry Irving is the earliest Daffodil and the variety which is in flower at Christmas. Bulbs are small, but flower is of good size **4c. each**
..... **35c. per doz.; \$2.50 per 100**

Mme. de Graaff: the largest and finest white trumpet Daffodil, reasonably priced. Perianth is pure white, the trumpet is primrose when opening and turns pure white in a day or two. A most refined and beautiful flower of graceful carriage. **15c each**
..... **\$1.50 per doz.; \$10.00 per 100**

Mrs. Thompson: a fine pure white variety, very handsome and early, trumpet elegantly frilled. Super-sedes Albicans. **5c each; 50c per doz.; \$3.50 per 100**

Obvallaris (Tenby Daffodil): a fine hardy flower, the perianth white, trumpet yellow. Not a large flower, but bold and very attractive **5c each; 35c per doz.; \$2.50 per 100**

Princes Maximus: very early and popular; perianth sulphur yellow, drooping, trumpet rich yellow **4c each; 30c per doz.; \$2.00 per 100**

Giant of Giants New Daffodil. (See page 6.)

Trumpet Major: one of the most popular large, clear yellow varieties (both perianth and trumpet same color); medium size flower of good form. Valuable for bedding or cutting or for forcing. **4c each; 35c per doz.; \$2.50 per 100**

Victoria: a new Daffodil with broad white perianth and large yellow trumpet. The flower has great substance and keeping qualities. We recommend it as the best yellow and white **5c each; 45c per doz.; \$3.00 per 100**

DOUBLE DAFFODILS

Double Daffodils, like double Tulips, stay in bloom longer than the single ones. The only variety which has a trumpet that is doubled is the Von Sion. The others are round double flowers; all are graceful and pretty. (If wanted by mail allow 1¼ lbs. per doz.; 9 lbs. per 100 for weight.)

Alba Plena Odorata (the double White Poet's Narcissus or Gardenia Daffodil): A perfect gem, pure white, very double and fragrant. Blossoms the latest in the season. Be sure to water in the Spring **4c each, 30c per doz.; \$2.00 per 100**

Incomparable (Butter and Eggs): rich yellow and orange, large size and good shape **5c each; 40c per doz.; \$2.50 per 100**

Orange Phoenix (Eggs and Bacon): very large, dou-

ble, white and orange, very beautiful, fine for pot culture. **5c each; 40c per doz.; \$2.50 per 100**

Sulphur or Silver Phoenix: creamy white with sulphur center, very double and beautiful, and considered the finest of the double sorts **5c each; 40c per doz.; \$2.50 per 100**

Von Sion: the largest and finest double yellow trumpet variety. This is the old favorite variety so highly prized in the old-fashioned gardens. Excellent for either forcing or cut flowers. If planted out of doors it can remain where planted for a number of years, blossoming freely every year. It is as popular now as ever, and every one who loves Daffodils should plant it **5c each; 45c per doz.; \$3.00 per 100**

CROWN DAFFODILS (Chalice Cup or Star)

(If wanted by mail allow 1¼ lbs. per doz.; 9 lbs. per 100, except for Sir Watkins, 2½ lbs per doz.)

Gloria Mundi: These new crown Daffodils should be in every up-to-date garden. Gloria is a new and improved Narcissus with a trumpet or crown only half long and with a clear yellow fine perianth. The crown is gorgeously flame colored. This flower obtained a First-Class Certificate **20c each; \$2.00 per doz.**

Autocrat (Incomparabilis): pure yellow all over; large star-like perianth, large bowl-like crown; free flowering and vigorous; newly offered **5c each; 50c per doz.; \$3.25 per 100**

Barrii Conspicuus: broad yellow perianth with a short, broad crown edged with orange scarlet; a fine bold flower of very large size. Should be grown in quantity **3c each; 25c per doz.; \$1.75 per 100**

Cynosure: sulphur yellow perianth; yellow cup, stained with orange, scarlet; very showy, fine for cutting **3c each; 25c per doz.; \$1.50 per 100**

Lady Godiva: a fine new Daffodil with medium size cup of yellow edged orange scarlet, but the whole flower is white; beautiful form **7c each; 65c per doz.; \$4.50 per 100**

CROWN DAFFODILS

-Continued

- Lucifer:** a striking novelty. Lucifer has a large cup of orange red, and a broad white perianth. This makes a wonderful color contrast. Plant in partially shaded location... **25c each; \$2.25 per doz.**
- Queen Bess:** perianth pure white, cup light yellow, large and well expanded; early..... **4c each; 35c per doz.; \$2.50 per 100**
- Seagull:** this delightful flower cannot be too highly praised. Seagull is very large and pure white; cup medium sized, fluted and of a soft citron tone. A sterling flower. **10c each; \$1 per doz.; \$7 per 100**
- Sir Watkin:** the perianth is sulphur yellow; the cup deep golden yellow and nearly as large as those in the trumpet class; one of the largest and finest Crown Daffodils, often 5½ inches across. A very popular sort... **5c each; 50c per doz.; \$3.25 per 100**
- Stella:** star-shaped, one of the first to bloom; flowers white with yellow cup; large and very free blooming..... **3c each; 25c per doz.; \$1.25 per 100**
- Mrs. Langtry:** pure white perianth, broad and overlapping; cup white edged, bright canary yellow, a fine art flower and very prolific. On account of its low price is largely used for naturalizing..... **3c each; 25c per doz.; \$1.50 per 100**

Polyanthus Narcissus

(If wanted by mail allow for weight 1 1-4 lbs. per doz.; 10 lbs. per 100; except for Chinese Sacred Lilies, which weigh 3 lbs. per doz.)

A very fragrant sweet-scented type of the easiest culture and very early. Can be grown out doors in pots or in a dish of water with coarse gravel. The stems each bear from 10 to 20 blossoms at the top.

- Paper White Grandiflora:** beautiful snowy white blossoms with large petals deliciously fragrant, the earliest to bloom. Will blossom out of doors by Christmas if planted in October..... **30c per doz.; \$1.75 per 100; \$15.00 per 1000**
- Grand Monarch:** broad white perianth with primrose cup..... **35c per doz.; \$2.50 per 100**
- Grand Soleil D'Or:** a rich, clear yellow with orange cup..... **6c each; 35c per doz.; \$2.50 per 100**
- Chinese Sacred Lily (single):** perianth white. Cup yellow, very free flowering and fragrant. Can be had in flower in dishes with water and coarse gravel from December to March. We handle the finest selected bulbs imported from China..... **10c each; \$1 per doz.; \$2.25 per basket of 30 bulbs.**

Extra size, 15c each; \$1.50 per doz.

Poeticus Narcissus

(If wanted by parcels post allow ¾ lb. per doz.; 6 lbs per 100.)

These are different from all the foregoing sorts. Poet's Narcissus are pure white round flowers of six petals with very small cups hardly more than a center to the flower. One of our novelties last year was Elvira, a cross between this class and the polyanthus, having the good features of both. Poet's Narcissus are great favorites and do especially well under trees and in grassy places, where they may be left undisturbed for years. Largely used for naturalizing.

- Poeticus (Pheasant's Eye):** the old-time favorite; very hardy, late..... **20c per doz.; \$1.25 per 100; \$10.00 per 1000**
- Poeticus Ornatus:** an early flowering sort with large flowers of greater substance; an improvement..... **20c per doz.; \$1.50 per 100**
- Poetaz Elvira:** superseded by *Aspasia*, which is better
- Poetaz Aspasia:** 4 to 5 strong flowers to a stem; pure white with yellow cup; fragrant. Similar to Poeticus, more flowers to a stem and thicker in

texture. Have you tried these?..... **5c each; 50c per doz.; \$3.50 per 100**

COLLECTIONS—Various Narcissus. (Postage additional 12c per doz.) **A splendid mixture of the best Single Trumpet Daffodils, 40c per doz.; \$3.00 per 100; \$25.00 per 1000.**

A splendid mixture of the best Double Daffodils, 35c per doz.; \$2.00 per 100; \$18.00 per 1000.

A splendid mixture of all Daffodils and Narcissus 35c per doz.; \$2.25 per 100; \$20.00 per 1000.

Jonquils

Jonquils are in several classes. Single Jonquils are in small clusters of flowers and are fragrant. Double Jonquils are a double form of these. Campanelle and Rugulosus are larger and have usually two flowers to a stem and resemble small Daffodils; not fragrant. All are charming.

- | | Pr Dz. | Pr 100 |
|--|--------|----------|
| Single Sweet Scented: very fragrant, rich golden yellow, cluster of small flowers. (Doz. price is postpaid; 100 weigh 1½ lbs.)..... | \$.15 | \$ 10.00 |
| Giant Double Jonquil: Heads medium-sized; very double and rich golden yellow. This is a larger and much improved variety. (Doz. price is postpaid; 100 weight 1½ lbs.)..... | .50 | 3.50 |

	Pr Dz.	Pr 100
Campanelle: yellow flowers, resembling a small daffodil, fine for forcing; not fragrant. (1 doz. weigh ¾ lb.; 100 weigh 5 lbs.).....	\$.20	\$ 12.50

Rugulosus: the largest of the Jonquils, rich golden yellow, broad perianth with wrinkled cup; not fragrant. (1 doz. weigh ¾ lb.; 100 weigh 5 lbs.).....	.25	1.50
--	-----	------

Iris—Fleur-de-Lis

Iris are very easy to grow, especially those with creeping root-stocks—which are the German Iris, the Flag Iris, Susiana Mourning Iris, Gigantea Iris, and Japanese Iris. (This latter must have plenty of moisture.) And they are beautiful—as pretty as an orchid. Iris flower at all seasons. The German very early, with the Flags, then Susiana, Spanish, English, and finally Japanese—during all Spring and Summer. We ask your attention to our list of new and splendid German Iris below. We offer improved sorts.

The bulbs should be planted 2 or 3 inches deep and 6 inches apart, and for the best effect should be in beds or groups of twenty-five to one hundred or more bulbs. The greater the number the finer the effect.

Set the Iris with root-stocks at least 3 inches apart in 12-inch rows. A mulching of coarse manure or straw will facilitate the production of fine long stems and large blossoms.

German Iris

(Weight, 2 lbs. per doz.)

Roots are ready in November.

These come from creeping root-stocks, which blossom every year. The older German Iris are commonly called "Flags" and are much prized for their delicate shadings, fine colors and early flowers. Grow 2 to 3 feet tall. Plant 3 inches deep and 12 inches apart and do not move. The new varieties grow as high as 4 feet and have very handsome flowers with petals of graceful shape.

	Each	Per Doz.
Aurea: a fine golden yellow.....	\$.20	\$1.50
Bouquet Royal: light yellow standards, falls white.....	.13	1.25
Darius: standards light yellow, falls purple veined yellow and white.....	.13	1.25
Gloire de Hillegom: beautiful clear light blue, tall and stately (a Pallida hybrid).....	.20	1.50
Grachus: crimson reticulated white, very fine.....	.20	1.50
Innocenza: ivory white.....	.13	1.25
Kharpuz: purple, standards blue, a fine dark sort.....	.13	1.25
Lygia: a new pale mauve, falls feathered dark mauve.....	.25	2.50
Madam Chereau: white, elegantly frilled azure blue at the edges. Tall and fine.....	.13	1.25
Maori King: rich golden yellow standards, falls velvety crimson margined gold.....	.15	1.50
Queen of May: a hybrid from the beautiful large Pallida Iris; a soft rosy pink color.....	.25	2.50
Mixtures of all the above varieties and many others not listed separately....	\$1.25 per doz.;	\$8.75 per 100

Pallida Iris

DALMATICA: This is the grandest variety of all the German Iris. Color deep, clear lavender; very large flowers, sweet-scented. This Iris should be planted largely where cut-flowers are in demand, as it is certainly the best of its class. A grand variety for massing in borders; it is superb. 25c. each; \$2.50 per doz.

ZANARDELLI: A fine bright blue Pallida Iris. This gives a new color to this fine type. 25c each; \$2.50 per doz.

Iris Gigantea (OCHROLEUCA)

(Prices include postage.)

This is a grand Iris, tall and stately, with sharp, narrow leaves; it will make a good division plant for placing at the boundaries of your lot. The leaves are 3 feet high and evergreen, while the flower stems are 4 feet high and bear large flowers, creamy white with a yellow blotch on each petal. Several flowers come on a stem and measure 4 to 6 inches across. Gigantea Iris blooms in May, is easily grown and is a fine acquisition to any garden..... 25c each; \$2.50 per doz.

Iris Foetidissima

Another Iris with a creeping root stock and evergreen leaves: The seed pod of I. Foetidissima when ripe breaks open and shows a number of large bright red seeds inside. The stem may be plucked then and kept a long time..... 20c each; \$2.00 per doz.

Flag Iris

(Weight, 1 lb. per doz.)

These are known as the large flowered "flags" which do so well in hardy borders, sending up their tall stems each year.

Blue Flag: A very fine flower of violet blue color. Per doz., 85c.

White Flag: the tall pure white, large flag. Per doz., 85c.

Japanese Iris

(Iris Kaempferi)

(If wanted by parcels post, allow 6 lbs. per doz. for weight.)

By universal consent this species of Iris is given first place. It is one of the finest flowers we have, coming in various tints of blue, lavender, crimson, rose and lilac, as well as the dark blues and violets. The bulbs are perfectly hardy and the plants are very easily grown in any garden where there is good soil and plenty of water. Plant 4 inches deep and 14 inches apart. The blossoms vary from 8 to 10 inches in diameter and are borne on long graceful stems, blooming profusely in June and July. Bulbs are ready for delivery some time in December. We have some beautifully colored pictures of these at our store.

In separate sorts or mixed.....25c. each; \$3.00 per doz.

Spanish Iris

Spanish Iris grow from bulbs and make a stem two feet high, with flowers of exquisite shading and texture. Spanish Iris is earlier and shorter than English, and, being so cheap, many thousands are planted each year. They look best planted in mass. All Spanish Iris have a yellow blotch just where the lower petals begin. Our list contains new varieties never offered before and which are very beautiful.

After flowering, the bulbs may either be lifted or allowed to remain for another season. The varieties contained in our collection are the finest and most distinct in cultivation.

Named Varieties: except those priced at 25c. per dozen. All 15c per doz.; \$1.00 per 100.

(Dozen prices are postpaid. Weight per 100, 1 lb.)

Beauty: large azure blue standard, falls white shaded bluish.
Belle Chinoise: fine golden yellow.
Blanche Superbe: large white flower with a suggestion of pale porcelain shading; one of the best and earliest.
British Queen: purest white.
Cajanus: pure yellow; large flower, very tall, fine for cutting.
Chrysolora: golden yellow, the best of its color in cultivation.
Darling: bright blue.
Excelsior: extra large flower of clear light blue. 25c. per doz.; \$1.75 per 100
Formosa: the finest of dark blue.
Hercules: fine bronze and violet. 25c. per doz.; \$1.75 per 100
King of the Blues (Count of Nassau): rich dark blue shaded lighter.
Louise: French gray and white, with golden blotch; very beautiful.
L'Unique: violet blue with white falls; large and distinct flower.
Philomela: fine large pale blue.

Princess Ida: primrose, orange blotch, white standards.

Queen Emma: early, tall, robust stem; clear deep yellow with golden blotch; very fine sort. 25c. per doz.; \$1.50 per 100

Queen of the Netherlands: a very striking clear bright deep blue.

Reconnaissance: bronze and orange blended. 25c. per doz.; \$1.75 per 100

Sappho: bronze, very fine. . . 25c. per doz.; \$1.75 per 100

Snowball: pure white, shading to sapphire at base, with conspicuous golden blotch.

Solfaterre: grayish lilac and yellow.

Sovereign: bronze.

Sweet Lavender: a large flower of the daintiest, sweetest light blue imaginable. 25c. per doz.; \$1.75 per 100

Walter T. Ware: primrose yellow, finely formed, award of merit. 25c. per doz.; \$1.75 per 100

Splendid Mixture of all Varieties: . . . 2 doz. for 25c 100 for 75c; 500 for \$2.75; 1,000 for \$5.00

Susiana Mourning Iris

(Prices are postpaid.)

A variety different from all others. It is a combination of silvery gray and dark chocolate and black. The plant is 12 inches high and comes in a creeping root stock which lasts for years. Set 3 inches deep and 12 inches apart. The flowers are immense and very greatly admired. 20c. each; \$2.00 per doz.

English Iris

(If wanted by parcels post allow for weight $\frac{3}{4}$ lb. per doz.; 6 lbs per 100.)

This beautiful variety grows on tall stout stems and makes a fine florist's flower. The stem is 3 feet and surmounted by most delicately colored flowers 4 inches across. English Iris is taller than the Spanish and has larger flowers. Both are needed in all gardens to give a succession of bloom for six weeks. It blooms several weeks later, and care must be used to see that the plants have plenty of water when coming into flower, for this is the season of the year when our gardens are just beginning to be dry. Plant the bulbs in part shade for good results.

Peacock Iris

Peacock or Pavonia Iris: (bulbous) This is a dainty Iris; flat on top like the Japanese Iris, only it is small in size, 2 inches across. The petals are of a grayish tone, and at the center of each is a spot

with all the colorings and shades of a Peacock eye, which it greatly resembles, hence the name. A charming flower with an iridescent eye of blue and green, and very pretty. Plant 2 inches deep. Per doz., postpaid, 30c; per 100, \$1.75

LILIES

(If wanted by parcels post, figure weight of Lilies at 3 lbs. per doz., except as follows: *Auratum*, large size; *Longiflorum*, large size, and *Enormous Hardy Easter Lily*, all at 5 lbs. per doz.; *Elegans*, *Kramerii*, *Leopard*, *Rubellum*, 50c. and 75c. sizes of *White Calla Lilies*, all at 1½ lbs. per doz.)

Choose a spot for Lilies which is shaded and drained, but still moist, and you will be successful in raising them in your garden. Set the bulbs out in November (or as late as February 1st) in a good deep soil, planting them 5 inches below the top of the ground into which some leaf mould has been worked. Water only lightly until they are well rooted, but liberally when of good size and about to blossom. Watch carefully for plant lice (aphis) and sprinkle with tobacco dust to keep them off.

Have you tried Lilies in the shaded part of your garden? See what a choice of Lilies we offer below! Native sorts such as you find in the mountains on your vacation, Japanese sorts to be found in all gardens, and Easter Lilies, one variety for indoors (*Harrisii*) and two for the garden (*Longiflorum*). Besides these there are the *Auratum* Lilies, the largest of all; the *Elegans*, which are not large and have their brightly colored flowers turned upward; then the *Speciosum* with flowers turned down with recurved petals like the *Tiger Lilies*. What an array of flowers they will make!

Auratum (Gold-banded Lily): one of the finest and most popular of the hardy garden lilies. The blossoms are composed of six large petals of delicate ivory white, studded with spots, with a bright golden band running through the center of each petal. The flowers when fully expanded are nearly a foot in diameter, are very fragrant and bloom from June to October. 15c. and 20c. each and \$1.25 and \$2.00 per dozen, \$8.00 and \$12.00 per 100, according to size.

Auratum Pictum: Similar in form to the *Auratum*, but tipped with crimson at the ends of the yellow rays.....

.....25c. each; \$2.50 per doz.
Auratum Platyphyllum: similar to *Auratum*, but larger and finer in all respects. Especially noted for its broad lustrous leaves, which give double attraction. The petals are studded with crimson chocolate spots.....

.....25c. each; \$2.50 per doz.
Auratum Rubre Vittatum: handsome red-banded *Auratum*, one of the finest of all lilies..50c. each; \$5.00 per doz.

Candidum: hardy St. Joseph or Annunciation Lily, for early delivery only.....

.....15c. each; \$1.25 per doz.
Elegans Atrosanguinea: a dark blood-red lily of handsome appearance. *Elegans* lilies are all borne erect on a stem about 2½ feet.....

.....20c. each; \$2.00 per doz.
Elegans, Incomparable: the richest red known in lilies, a deep crimson slightly spotted black. Flowers large and freely borne..15c. each; \$1.50 per doz.

Elegans, Orange.....20c. each; \$1.75 per doz.

Harrisii (The Bermuda Easter Lily): the flowers are trumpet-shaped, pure white, gracefully formed and delightfully fragrant. This is the lily so much grown by florists for Easter, on account of its very early flowering habit and abundance of bloom. *Harrisii* Lilies are better grown within doors.....

.....15c. each; \$1.50 per doz.; \$10.00 per 100

Order in September.
Harrisii Lilies are ready for delivery in September and should be planted early, and the others in October and November. Early orders will be kept on file until the varieties arrive. If wanted by mail allow for weight 2½ lbs. per dozen.

Henryi (The Yellow *Speciosum*): a rare lily from China, hardy and free flowering, often with 17 blossoms on a stem. Flowers are a rich apricot yellow slightly spotted with brown.....75c. each

Kramerii: a beautiful large pink lily, distinct from all others.....20c. each; \$2.00 per doz.

Leopard Lily: the native *Tiger Lily*. Flowers orange with dark spots.....10c. each; \$1.00 per doz.

Longiflorum Giganteum: a fine type of Japanese Easter Lily; about two weeks later than *Multi-florum*.....15c. each; \$1.50 per doz.; \$8.00 per 100.....and 25c. each; \$2.50 per doz.

Auratum Lilies

Auratum Lilies (Gold-Banded Lily)

Longiflorum Multiflorum: an early flowering type of the Japanese Easter lily. Pure white trumpet-shaped flowers. Splendid for growing in pots and for outdoor planting. 15c. each; \$1.25 per doz.; extra large bulbs, 20c. each; \$2.00 per doz.

Rubellum: of dwarf habit, bearing several beautiful rose-pink flowers. Come into flower early. It does best in sandy loam.....20c. each; \$2.00 per doz.

Speciosum Album: flowers pure white.....

.....20c. each; \$1.75 per doz.
Speciosum Rubrum: blooms in July and August, having a spike 4 feet tall with bright lilies of light crimson and white, the petals recurve; perfectly hardy.....10c. each; \$1.00 per doz.; \$7.00 per 100

Speciosum Rubrum Magnificum: this variety is much more crimson in color than the ordinary *Rubrum* and is heavily spotted.....

.....15c. each; \$1.25 per doz.; \$8.00 per 100
Tigrinum (*Tiger Lily*): brilliant orange spotted with black.....15c. each; \$1.25 per doz.; \$7.50 per 100

Tigrinum Flora Plena (*Double Tiger Lily*): similar to *Tigrinum* but double.....15c. each; \$1.50 per doz.
Washington: large native lily, opening white and gradually turning purple..20c. each; \$2.00 per doz.

White Calla Lily. According to size.....

.....50c., 75c. and \$1.00 per doz.
Yellow Calla Lily (*Calla Elliottiana*): The foliage is dark green with a number of translucent white spots and the flowers are bright yellow. According to size.....25c. to 35c. each; \$2.50 to \$3.50 per doz.

Miscellaneous Bulbs and Flowering Roots

Anemones, Double Mixed

BRODIAEA (Cal. Wild Flower)

(Prices include postage.)

Coccinea (Floral Fire Cracker): This pretty wild flower is not well enough known in our gardens; there is none other like it. Its color is bright red tipped with pea green and several flowers grow in a cluster at the top of a stout stem. 12 inches tall.40c. per doz.; \$2.50 per 100

Laxa (Ithuriel's Spear): bears a cluster of twenty or more of clear blue flowerets on a stem 1 to 2 feet high. One of the beautiful wild flowers of California in May and June. .25c. per doz.; \$1.50 per 100

CALADIUM OR ELEPHANT'S EAR

(January delivery. Weight, 8 lbs. per doz.)

These are those tall "Elephant's Ears" used to give a tropical appearance to the garden. Set out as a bed at the edge of a lawn, they are most effective with their tall stalks and giant leaves. Give plenty of water and rich compost. Caladiums are tender to frost, but come up again next year.15c. each; \$1.50 per doz.

CALOCHORTUS (Cal. Wild Flower)

(Price includes postage.)

Golden Bell (Calochortus Amabilis). These are dainty flowers with their drooping yellow globe-like heads. The foliage is slender and light green, and the whole makes one of the most delightful and modest little flowers. Stems 12 inches high, 3 flowers to a stem. A newly listed California wild flower.30c. per doz.; \$2.00 per 100

AGAPANTHUS UMBELLATUS (Blue African Lily)

(Weight from 1 to 2 lbs. each.)

Flowers bright blue, borne in clusters of 20 to 30. The flower stalks frequently attain a height of 3 feet. November delivery.25c. each; \$2.50 per doz.

ALLIUM AUREUM

(Weight, ½ lb. per doz.; 2 lbs. per 100.)

Molly or Golden Allium: A very old favorite, and fine for naturalizing in the garden where it forms large clumps of golden yellow flowers in June. Height, 1 foot.15c. per doz.; \$1.00 per 100

Neapolitanum: delicate white starry flowers in large clusters.15c. per doz.; \$1.00 per 100

AMARYLLIS

(Weight about 8 lbs. per doz.)

Frequent disturbance of the roots should be avoided, as this will prevent free flowering. Sends up a flower stalk without leaves in August, to a height of 2½ feet; very fragrant.

Belladonna Major: beautiful soft rose. .15c. each; \$1.50 per doz.

APIOS TUBEROSA

(December delivery. Prices post-paid.)

This is a climber and is like a miniature Wistaria, growing about 10 feet high and bearing clusters of rich, deep purple flowers, which are sweetly scented.50c per doz.

ANEMONES

The Anemone Beds at the P. P. I. E. caused much attention, especially from our Eastern guests. The handsomest bed was probably the one of St. Brigid, a type of Anemone with several rows of petals. Plant on a slightly raised bed where the ground is warm. Anemones and Ranunculus, about the same height, 10 inches, are two flowers which are becoming more popular each year. Plant 1½ inches deep; 5 inches to 6 inches apart.

FULGENS ANEMONES

Scarlet Fulgens: The scarlet color in this flower is truly dazzling, it is so intense. Handsome for out-of-doors and a fine cut flower.50c. per doz.; \$3.50 per 100

BEGONIA (Tuberous-Rooted)

(Prices include postage.)

For January delivery. Splendid pot plants, equally useful for bedding purposes; free flowering, doing best with partial shade. No plant has brighter, larger flowers than have these tuberous begonias; the scarlets are bright scarlet; the yellow, bright yellow, and the white and pink, pure and attractive.

We offer Begonias in the following separate colors: **Dark rose, light pink, salmon, scarlet, white and yellow.**

Double: any color or mixed. .10c. each; \$1.00 per doz.

Single: any color or mixed.8c. each; 75c per doz.

Begonia Crispa: a new sort with very large single flowers, beautifully frilled on edge and crested. Try some of these new ones. .15c. ea.; \$1.50 per doz.

CALOCHORTUS (Cal. Wild Flower) Contd.

Mariposa Tulips (also called Mariposa Lilies): these wild flowers on the dry hillsides of the Sierras are admirable. They seem to so defy the July drouth all around with their very handsome blossoms. Are borne on strong stems 15 in. high and come in bright colors, light lavender predominating; flowers are cup-shaped or tulip formed, and most pretty.

Mixed Mariposa Tulips30c. per doz.; \$2.00 per 100

COLCHICUM (Meadow Saffron)

(Price includes postage.)

Autumnalis (Autumn Flowering Crocus): the flowers come through the ground in the fall without the leaves, which appear next spring. Very similar to a crocus; the colors of the flowers being white, purple, rose striped, etc. **Mixed Colors**50c. per doz.

Miscellaneous Bulbs and Flowering Roots—Continued

FREESIAS

(For Sept. and Oct. delivery. Prices are postpaid.)

Greatly prized for the delightful fragrance of the delicately colored flowers, which, when cut, remain in good condition for a long time in water. Freesias bloom freely out of doors in January and February, being one of the first flowers to bloom; they increase in the garden rapidly.

Purity: a greatly improved strain, with flowers that are pure white inside as well as out, and of largest size; profusely borne on stiff stems; a fine cut flower; very fragrant.

CROCUS

(Prices per doz. are postpaid; 100 weigh 2 lbs.)

Should be planted liberally in lawns and grass plots, where they will flower very early in the spring, before mowing. Crocus is the first flower to bloom all through the East and in consequence is a great favorite. It grows low, 3 or 4 inches, and is good for borders, masses and lawn planting.

(For December delivery.)

(Weight $\frac{3}{4}$ lb. each.)

Spectabilis: magnificent racemes of pink and white flowers.....30c each; \$3.00 per doz.

EREMURUS ROBUSTUS

(For December delivery. Cannot be mailed.)

A rare bulbous plant from Turkestan. In enriched soil it produces immense flower stems 6 to 10 feet high, bearing a dense raceme of flesh pink flowers each nearly 2 in. across. We have just 15 of these rare bulbs for \$1.00 each.

HYACINTHUS CANDICANS

(Weight 6 oz. each; 4 lbs. per doz.)

Free-growing, summer-flowering plants with flower stems 4 feet high, each bearing from 20 to 30 large white bell-shaped flowers; splendid for groups.....7c each; 75c per doz.

EARLY FLOWERING

(For Sept.-Nov. delivery. Prices are postpaid, except for America, which weighs 1 lb. per doz.)

There are two separate and distinct types of Gladiolus—the Early Flowering and the Late Flowering. The former have slender stems and make a handsome bouquet which lasts well after cutting. Late Gladioli have taller stems—often 4 feet tall—and much stouter stalks. Plant 8 inches apart and 2 inches deep. (For other varieties of Gladiolus see our annual catalogue issued in December.)

Ackermannii: orange scarlet with darker blotch.....25c doz.; \$1.50 per 100

INCARVILLEA DELAVAYI

(Prices are Postpaid)

The flowers are 3 inches long and are borne in clusters on stout stems 3 feet tall, well above the foliage. They are old-rose colored, with a brownish-yellow center. In general appearance they resemble Gloxinias, and are sometimes called "Hardy Gloxinia." Incarvillea Delavayi is a hardy perennial. In any good garden soil it will do wonderfully and bear large handsome flowers. Each, 20c; per doz., \$1.75

Incarvillea Delavayi

LILY-OF-THE-VALLEY

(For December and January delivery.)

Very well known flowers with dainty white bells. Plant out of doors in a shaded place and mulch the ground to keep it moist. The secret of growing Lily-of-the-Valley is shade and a spot always wet. Our German Giant Strain is especially adapted for out-of-doors and is better than any other kind; it is quite distinct.

German Giant: Morse's Strain. This sort when once well established will produce very tall, strong stalks, with heavy, luxuriant leaves. The bells are pure white and of extra size. Per doz. 50c postpaid; 100 (weight 6 lbs.), \$3.50, not postpaid.

Clumps for outdoor planting, 70c. each. (Weight 1 $\frac{1}{4}$ lbs. each.)

Forcing Fips: direct from cold storage, must be planted at once and will flower in 3 weeks. Plant in clear sand, setting the pip above ground. Room should be warm and light much shut out. Per bundle of 25 for 75c; 100 for \$3.00.

MONTBRETIAS

(December delivery. Prices are postpaid.)

As Montbretias bloom in mid-summer, they are especially desirable for California gardens, and they are hardy and do wonderfully well with little or no care. Montbretias grow about 3 feet high, and make good cut flowers. Try these new giant sorts. Plant 3 inches deep.

CALIFORNIA, beautiful deep golden yellow.....40c per doz.; \$2.00 per 100

FIRE KING, glowing scarlet-red.....40c per doz.; \$2.00 per 100

MUSCARI PLUMOSUS

(Dz. price is postpaid; 100 weigh 3 lbs.)

Feathered Hyacinths, bears plume-like, graceful spikes, 9 to 12 inches high, purple in color. 20c per doz.; \$1.25 per 100.

ORNITHOGALUM

(Weight 1 lb. per doz.; 8 lbs per 100.)

Star of Bethlehem (Umbellatum): bears profusely star-shaped flowers, white, outside striped green. An old-time favorite of the easiest culture; very showy; a good border flower.....15c per doz.; 75c per 100; \$6.50 per 1000

Morse's Grand Prize Sweet Peas

At the Great Panama Pacific International Exposition we were awarded the Grand Prize—Highest Possible Award—for our Exhibit of Spencer Sweet Peas, grown in our Exhibition Garden.

At the Great Sweet Pea Show held by the American Sweet Pea Society, in the Palace of Horticulture, P. P. I. E., June 11th, 1915, we were again awarded the highest awards for our display. These were the Gold Medal of the British National Sweet Pea Society and the Medal of Honor of the Panama Pacific International Exposition.

The Gold Medal of the British Sweet Pea Society was sent as a compliment to the American Sweet Pea Society to be awarded to the Best Display of Sweet Peas at the San Francisco Exhibition. The Judges unanimously awarded this medal to our exhibit.

The above is surely a record to be proud of, and we are glad that our work on Sweet Peas has been recognized by the winning of these Prizes and Medals in competition with other Seedsmen and Seed Growers.

These awards go to prove the superiority of our Strain of Spencer Sweet Peas. We are Sweet Pea Experts and our practical and scientific knowledge has enabled us to bring our Spencer Sweet Peas to an unequalled state of perfection. Our Experts are all enthusiasts and nothing but perfection satisfies them.

Many of our friends saw our wonderful Sweet Peas at the Exposition, which were conceded to be the most beautiful ever seen in America. It is within the power of everyone who has a garden to grow as fine specimens of Sweet Peas, provided Morse's Grand Prize Sweet Peas are used and the proper culture given. (See back cover for photograph.)

We issue a Special Sweet Pea Booklet entitled "Sweet Pea Culture" in which we give complete detailed cultural directions. We mail this free to anyone requesting it.

1916 Sweet Pea Show

As the 1915 Show was such a great success it has been decided to hold another Sweet Pea Show in San Francisco during June, 1916, under the auspices of the American Sweet Pea Society. Schedule and Prize List will be made up later. There will be classes to suit all growers.

Plant Spencer Sweet Peas Now and make this Exhibition even a greater success than the one held this year.

Keep in touch with us.

The Fall is the Best Time to Plant Sweet Peas in California!

Morse's 1916 Novelty

Wonderful Pink Spencer Sweet Pea New Miriam Beaver.

New Miriam Beaver—Our supply of this most charming Sweet Pea was so limited last year that we could only offer it in 25c packets. New Miriam Beaver has so far overshadowed all other novelties that we have decided to confine ourselves to this one novelty of our own raising this year and to offer it at 15c per packet.

New Miriam Beaver was easily the most talked-of Sweet Pea at the Exposition. It is an entirely new and distinct shade of pink in Sweet Peas and is most pleasing and dainty. The color is hard to determine, but we think that a soft shell pink on cream ground lightly overlaid with soft hydrangea pink conveys a good idea of its beauty. The flowers are very large, beautifully waved, often duplexed and nicely placed on the stem. At the Exposition we

MORSE'S SWEET PEAS AWARDED THE "GRAND PRIZE", P.P.I.E., 1915

Morse's 1916 Novelty—Continued

had many stems 26 inches long and stout. New Miriam Beaver was in our **Grand Prize** and **Gold Medal** collections at the Exposition.

New Miriam Beaver was awarded the Certificate of Merit of the American Sweet Pea Society after trial at Newport, R. I., 1915.

New Miriam Beaver made 22 feet of growth, grown on the "Cordon" system in our garden at the Exposition.

Per Packet of 30 seeds, 15c.

Other 1916 Novelties

Fiery Cross (W. A. Burpee & Co.)—This is an entirely new shade of red in Sweet Peas and easily the most brilliant red Spencer.

Messrs. W. Atlee Burpee & Co. were awarded a Gold Medal for this variety by the Panama Pacific International Exposition and Fiery Cross also gained the Silver Medals of the British and American Sweet Pea Societies. The shade of red is not easy to get at. Some people will get the idea of the color if we say it is a "Turkey Red" or a "Military Red." It really is a bright red orange cerise Sweet Pea with lots of salmon in the color, making it very brilliant. The flower opens rather pale, but the color deepens and improves with age.

Per Packet of 10 seeds, 25c.

Recent Novelties of High Merit

AGRICOLA—A very charming Sweet Pea, the color being very pale pinkish heliotrope flushed over a white ground with distinct white edge of dark heliotrope. A robust grower producing large flowers. Per pkt., 15c; per oz., 50c.

BLUE PICOTEE—This we found to be a remarkably fine exhibition flower. The ground color is white with narrow edging of violet blue on standard and wings. Flower beautifully formed and placed well on long stems. Under some conditions the color intensifies. Per pkt., 15c; per oz., 50c.

CONSTANCE HINTON—Probably the largest White Spencer Sweet Pea. The flower opens tinted with pink, but as the flower develops the pink fades out, leaving a beautiful large pure white. Strongly recommended as an exhibition flower. Black seed. Per pkt., 15c; per oz., 50c.

DOBBIE'S CREAM—A large and fine deep cream. The color is very rich and the flower beautifully waved. This is easily the best exhibition cream. Per pkt., 15c; per oz., 50c.

DOBBIE'S LAVENDER GEORGE HERBERT—A very fine lavender Spencer Sweet Pea. Very strong grower, giving long stems and plenty of flowers. Color is a bluish lavender. A good exhibition variety. Per pkt., 15c; per oz., 50c.

FLORRIE—A combination of majenta and purple, giving a pastel effect. Requires shading. Per pkt., 15c; per oz., 50c.

MARKS TEY—This is another large exhibition flower which we strongly recommend. The color is rosy maroon and the wings bluish mauve. The flower is enormous and the vines very vigorous. Per pkt., 15c; per oz., 50c.

R. F. FELTON—A large and beautiful lilac lavender, wings suffused with French gray. This is a very robust grower and produces some wonderful flowers. Per pkt., 15c.

ROSABELLE—A very large and rich bright rose colored variety. An improvement on Marie Corelli. Rosabelle should be grown by everyone, as it is bright and telling and the vines are strong. Per pkt., 15c; per oz., 50c.

Morse's Sweet Pea Collections

(All packets are full sized and separate.)

Morse's \$1.00 "Grand Prize" Collection

These 15 varieties made up our "Grand Prize" Exhibit at the Panama Pacific International Exposition.

Royal Purple: Best purple.

Senator Spencer: Best chocolate flake.

Stirling Stent: Best salmon colored.

Thomas Stevenson: Best giant orange.

Veiled Bride: Fine rose flaked.

Wedgwood: Best blue.

General List of Morse's "Grand Prize" Sweet Peas

Abbreviations: G means Grandiflora; SPENCERS are printed in black face capital letters.

NOTE: We have revised our list to bring it up to date and possibly in doing so have omitted some well-known favorites. We shall be only too glad to advise customers of the new varieties which are improvements on any name which is now omitted. Our limited space will not allow any adequate description, only a brief mention of the color.

Prima Donna (G) —Clear pink, hooded form. Per ¼ lb., 50c.05	.20			

Morse's Sweet Pea Mixtures

To those who are going to make Sweet Peas their hobby and who intend growing the flowers for the love of them, we would strongly advise the purchasing of separate varieties. For the convenience, however, of those who wish large quantities of bloom, both for cutting and garden effect, we have carefully made up the following mixtures:

MORSE'S SUPERB SPENCER MIXTURE

This mixture is made up from our carefully prepared formula. It contains practically all the true Spencer varieties introduced to date. Great attention is given to secure a beautiful light mixture and yet include all shades nicely balanced and proportioned.

To make a better mixture of Sweet Peas than Morse's "Superb" would be impossible. Per packet, 10c; oz., 30c; ¼ lb., 85c; 1 lb., \$2.50.

BEST LARGE FLOWERING MIXTURE OF GRANDIFLORAS

This is the best possible mixture that can be made from existing Grandiflora or Eckford varieties. Per packet, 5c; oz., 15c; ¼ lb., 40c; 1 lb., \$1.25.

MORSE'S SWEET PEAS WERE AWARDED THE GRAND PRIZE, P. P. I. E., 1915

12 packages of any of the above 10c. varieties for \$1.00; 6 for 50c.

Morse's Prize Strain Pansies about $\frac{3}{4}$ natural size from photograph.

Morse's Superb Pansies

These Pansies were a feature of our "Grand Prize" Garden at the P. P. I. E.

Pansies do particularly well in our cool, even climate. If sown where the weather is hot, choose a shaded location and give moist, rich, loamy soil. To get the giant blossoms which can be had in wonderful variety of colors from Morse's Prize Strain Mixture, the plants must be transplanted twice, once from the seed box when quite small and again when nearly half grown, and be sure to manure or fertilize the soil. Sow Pansy seed in autumn, as the blossoms are the largest in early spring, and become smaller during the hot months. Morse's Prize Strain Pansies are unequalled.

EXTRA FINE GIANT FLOWERED PANSIES

We offer in the following colors and varieties these Pansies, which are different from the named sorts listed. They are some of the separated sorts out of our famous "Prize Strain Mixture," and are truly giant in size.

- Giant Adonis: light blue with dark blue face.
- Giant Bridesmaid: wine-color shaded.
- Giant Emperor William: fine dark blue.
- Giant Faust: large, pure black.
- Giant Hortense Red: old rose color.
- Giant Indigo Blue: a deep indigo color with face.
- Giant Lord Beaconsfield: three lower petals purple, upper two lavender.
- Giant Madam Perret: wine color and white, fine red.
- Giant Prince Henry: clear purple, a fine rich shade.
- Giant Raphael: blue veins and dark violet spots on white ground.
- Giant Pure White: fine large size.
- Giant White Three Spotted: three large purple spots, Trimardeau type.
- Giant Pure Yellow: the largest size of this color.
- Giant Yellow Five Spotted: very large, Cassiers type.
- Giant Yellow, Three Spotted: Trimardeau type of yellow-faced Pansies, packet 20c.
- All of the above Morse's Giant Pansies, per packet 20c, or 5 packets your selection for 85c.
- Collection of the 15 Giant Pansies above, 1 of each sort, for \$2.25.
- Giant Parisian, Large Stained: a strain of large flowering light color Trimardeau Pansies, with many faced Pansies—a most attractive strain. Packet 15c.

SPLENDID MIXTURES

MORSE'S PRIZE STRAIN. This is a mixture of all the giant-flowered varieties, all the plain colors, faced sorts, ruffled edged, and rare sorts; also the varieties exquisitely marbled, striped and blotched. The seed is saved from **EXHIBITION FLOWERS. PRIZE STRAIN** Pansies are wonderfully beautiful in every way, and are the very best.

PKT. OF 500 SEEDS, 50c

- Morse's Special Mixture of English Exhibition Pansies. A wonderful collection of this most beautiful type with new and rare sorts.....Pkt., 50c
- Morse's Imperial German Strains Mixed: a superfine mixture of the choicest German varieties in all colorsPkt. 25c
- Bugnot Mixed: a circular, ruffled and five-petaled type, with soft, blended colors and tints, veined on the margins and with a dark blotch at the base of each petal. One of the finest sorts....Pkt. 25c
- Cassier's Giant, Mixed: a splendid mixture of various shades and markings. The blossoms are round and are blotched at the base of the petals.....Pkt. 25c
- Giant Trimardeau, Mixed: the largest flowering type of Pansies, called the French strain. The top petals are larger than the three lower ones and are beautifully marked.....Pkt., 15c; oz. \$3.00
- Giant Odier or Prize Blotched, Mixed.....Pkt., 25c.
- Giant Masterpiece: these new Pansies have a most beautiful combination of rich velvety coloring and attractive wavy or ruffled petals. This wavy effect gives a graceful appearance rarely seen in Pansies, and while they are really very large, they appear larger on this account.....Pkt., 20c

Vegetable Seeds for Fall Planting

Many good vegetables should be grown for early winter use by sowing seeds in the fall. The following varieties are hardy and easily grown:

Flower Seeds for Fall Planting

Biennial flowers usually require two seasons before blooming, but by sowing the seed in the fall in boxes and transplanting early in the spring, they will bloom freely all summer.

In addition to Pansies and Sweet Peas, which are listed separately, the following varieties are recommended for fall sowing. Full descriptions are in our Garden Guide:

Asparagus Sprengeri, Bellis Perennis, Boston Ivy Calendula, Candytuft, Canterbury Bells, Carnation, Clarkia, Clematis, Centaurea, Cineraria, Scandens, Columbine, Cyclamen, Daisy Shasta, Digitalis or Foxglove, Dimorphotheca, Eschscholtzia, Forget-Me-Not, Gaillardia Grandiflora, Gladiolus, Godetia, Gypsophila Paniculata, Heliotrope, Hollyhock, Larkspur, Lobelia Cardinalis, Mignonette, Nemophila Insignis, Poppy, Primroses, Ronneya Coulteri, Scabiosa, Stocks, Sweet William, Tritoma, Verbena.

Alfalfa and Grasses

(Prices do not include postage. If wanted by mail add parcel post charges.)

We are headquarters in California for Alfalfa, Clovers and Grass Seeds. We reclean our stocks and will furnish planting seed of extra high grade. Write us for prices in quantity and for samples. It is to your interest. Prices below are current today, but fluctuate.

C. C. MORSE & Co. give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs, plants or trees they send out, and will be in no way responsible for the crop. If the purchaser does not accept seeds on these terms, they are at once to be returned.

San Francisco, California

[illegible]

Grasses for Lawns

Grass seed does well planted in the fall. Now the sun is not so hot that it will scorch the young shoots, and if not sown just before heavy frosts this is probably the best time of the year. Don't plant too deep; keep the soil always moist; follow the directions below, and you will get a good lawn. The Golden Gate Park in San Francisco uses each year large quantities of our fine lawn grasses. You can have a lawn just as good as any of theirs by giving proper care and sowing MORSE'S LAWN GRASS, which is of excellent quality.

(If ordered by parcel post, add postage charges at zone rates.)

PACIFIC RYE GRASS (MORSE'S)

The best grass for a straight lawn in any sandy soil such as is about San Francisco. Pacific Rye Grass is like the hardy Australian Rye Grass, but is longer lived and of a much finer leaf. By express or freight, per lb., 25c.; per 100 lbs., \$20.00.

KENTUCKY BLUE GRASS

Makes a lawn of a dark-green color. It forms a fine mat with care and plenty of water and is the best straight lawn grass for all soils except sandy ones. By express or freight per lb., 25c; per 100 lbs., \$20.00.

SPECIAL SHADE MIXTURE

Our mixture is made from natural wood grasses which grow in shaded places, and for making good lawns under trees and in dark corners is unequalled. Per lb., 50c.

WHITE CLOVER

This is a little dwarf growing lawn clover. The color is dark green, and the roots run deeply. By express per lb., 60c.

DIRECTIONS FOR MAKING A LAWN: Prepare the soil well; this means spade it over and dig in some fertilizer or manure. Let the ground stand a month, or else do not apply fertilizer until grass is three months old. Two weeks before planting roll and water the ground well and before sowing the seed hoe the soil, but do not spade it. This will kill countless thousands of small weeds which are always in the soil and would otherwise have to be pulled up by hand—a laborious job.

Sow the seed evenly and roll it in or sprinkle a good cover of sandy loam over it. Where a roller is not available rake the seed in lightly and press down by patting with spade. Water twice a day until grass comes up. In stiff, clayey soils, if planting in summer, use straw or leaves to protect the germinating seeds until the grass is an inch high. Make the lawn any time of year if there is plenty of water. Use one pound of seed to 250 square feet of lawn. Keep free from weeds, water well and cut regularly.

CALIFORNIA LAWN MIXTURE

Contains only the finest leaved grasses in the correct proportion to make a good fine turf which will look well in summer and winter. Per lb., 35c.; per 100 lbs., \$30.00.

MORSE'S "GOLDEN GATE PARK" LAWN MIXTURE

Contains the more hardy grasses which are used to make the sod for the park playgrounds, where the grass has to endure much tramping over. The mixture also contains a very little white clover. By express or freight, per lb., 25c; per 100 lbs., \$18.00.

AUSTRALIAN RYE GRASS

Makes a very hardy, bright green lawn which does well on sandy soil like San Francisco. By express or freight, per lb., 15c; per 100 lbs., \$10.00.....Postpaid per lb., 25c

PUTTING GREEN MIXTURE

Especially for golf courses. Makes the very finest greens. Per lb., 40c, by express.

MORSE'S GRAND PRIZE SWEET PEAS at the Panama Pacific International Exposition.

Growth by July 1st, 12 feet. Growth by September 15th, 24 feet.

Length of stems, 26 inches. Size of blossoms, $2\frac{3}{4}$ inches.
